1	TACOM	EXECUTIVE SUMMARY COMMERCIAL ITEM ACQUISITION - SOLICITATION FOR REQUIREMENTS CONTRACT	SEP/1996

(a) INTRODUCTION:

(1) TACOM is issuing this solicitation under the authority of Federal Acquisition Regulation (FAR) Part 12, which creates a simplified contract format we can use to buy commercial items, using techniques that are similar to those used in private-sector contracting.

(2) This solicitation will be different from those you may have received before. Many of the clauses and provisions used here were created specifically for commercial acquisitions issued under FAR Part 12. A great many clauses that normally appear in Government contracts do not appear in this solicitation. However, this is a complete solicitation, containing all the clauses we intend to apply to the resulting contract. Note also that the old Uniform Contract Format, with its Sections A through M, has not been used in this acquisition. Clauses that formerly would have appeared in Sections C, D, E, F, G, H, and I now are grouped in one section of contract clauses. Similarly, provisions that formerly would have appeared in Sections K, L, and M now appear in a single section of solicitation provisions, in this document.

(b) REQUIREMENTS. We are soliciting offers to supply the following items:

Quantity: 9729
NSN: 2640-00-810-5861
Item Name: Valve, Pneumatic
Description: Limited Source Item

Option:This acquisition includes no separately priced option.

(c) UNIQUE ASPECTS OF THIS SOLICITATION:

(1) Notice of Requirements Contract

This solicitation is for a requirements contract, not a single-year contract. Under the Requirements Contract arrangement, TACOM guarantees to place all requirements arising during the contract term as delivery orders under the contract, so long as such requirements fall within the specified minimum and maximum order quantities identified in this solicitation.

(2) Other special features of this acquisition that we want to highlight for your information: -7-

(d) NOTICE REGARDING FILL-INS:

Please note that this solicitation contains several provisions that require you to complete a fill-in or representation. If you don't complete these fill-ins, your offer may not be eligible for award. Please be careful to read and complete each such provision that requires a fill-in from you.

(e) OTHER KEY FEATURES OR REQUIREMENTS OF THIS SOLICITATION:

(1) Required Copies in Response to This Solicitation:

To be considered for award, you must return one signed original of your offer, completed and properly executed, by the time and date shown in Block 8 of the SF 1449.

(2) Notice Regarding Handcarried Offers:

If you intend to deliver your offer to TACOM, by hand, or using a courier service, please remember that you MUST identify this solicitation number on the face of the mailing or delivery wrapper, and MUST address it to Bid Opening (AMSTA-AQ-DSA), NOT to the buyer.

(3) Notice of 9-Digit ZIP Code:

Please note that the TACOM Bid Opening office has been assigned a special 9-digit ZIP code of 48397-0001. This 9-digit ZIP code applies only for correspondence and bids/offers addressed to Bid Opening (Block 9 of SF 1449). Correspondence addressed to any other office at TACOM should cite TACOM's regular 9-digit ZIP code of 48397-5000.

The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

(e) If an offeror, manufacturer, source product or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract shall not be delayed to permit an offeror to submit evidence of qualification.

(f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously qualified manufacturer or source requires reevaluation of the qualification. Name of Offeror or Contractor:

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.
